

Lumi Energy — Customer Email Templates

Current email content sent by the Lumi voice-agent system. Prepared for client review. Bill-upload and confirmation currently go out as SMS (NOTIFICATION_CHANNEL=sms); those email variants are included for reference.

1. Post-call solar report (not booked)

When: After the call ends, when the lead did **not** book an appointment. PDF ROI report is attached.

Subject: quick update on your solar report

Hey {first_name},

Just finished running the numbers through our calculator based on the info you dropped.

Long story short: your property actually qualifies for a higher monthly savings tier than average because of the current Arizona utility rates.

I put the full ROI report together in the attachment below

Take a look, if the math makes sense and you want to see how we actually guarantee those numbers on your next bill, you can grab 10 minutes on our calendar here:

Book your free home consult

Ayden

2. Post-call solar report (booked)

When: After the call ends, when the lead **already booked** an appointment. PDF ROI report is attached. No calendar link.

3. Follow-up email (unbooked leads)

When: Scheduled follow-up for leads who received the report but have not booked yet.

Subject: following up on your solar report

Hey {first_name},

Ayden here from Lumi – just floating your solar report back to the top of your inbox.

The numbers I ran for your property still stand, and with where Arizona utility rates are headed, the savings tier you qualify for is worth locking in sooner rather than later.

If the math made sense to you, you can grab 10 minutes on our calendar here:
